

Islamic Emirate of Afghanistan

Technical and Vocational Education and Training Authority

Agreement

Between

**The Technical and Vocational Education and Training
Authority (TVET-A)**

And

**Mohammad Reza Ahmadi, the inventor of the Car,
and his partners**

Year: 2021 (1444)

Preface:

The creation of the Inventory Center at the Technical and Vocational Education and Training Authority was an effective step to promote and fertilize the creative ideas of inventors in the country. This center welcomes inventors with useful and important projects, and they do their best to support such projects.

Source:

This agreement is signed based on the 7th article of the 11th item of Technical and Vocational Education rules about supporting inventor and creator rights.

Sides of the Agreement:

This agreement is signed between the Technical and Vocational Education and Training Authority and Mohammad Reza Ahmadi as a representative of his partners (the inventors).

Goal of this Agreement:

This agreement describes and explains the responsibilities of both sides (Technical and Vocational Education and Training Authority and Mohammad Reza Ahmadi as a representative of his partners).

Accountabilities of TVET-A:

TVET-A permits Mr. Mohammad Reza Ahmadi and his partners to use the following services:

1. Residential palace
2. Workplace (related shop)
3. Use of electricity
4. Use of authority shop machines
5. Connection and coordination with national and international traders
6. Coordination with related sides to commercialize the car
7. Coordination with embassies to facilitate possible future processes
8. Coordination and management of multimedia

9. Coordination with donors and management of sponsors

10. Reflection of the car at national and international observations

Obligations of Mohammad Reza Ahmadi as a representative of his partners (inventors):

1. Collaboration in training human resources and sharing knowledge, experience, and findings with participants of the inventory center.

2. Exchange technical and vocational knowledge with inventory center staff.

3. Serious attention to preserving the buildings, instruments, facilities, and all transitional and non-transitional equipment of the authority.

4. Respecting all laws and regulations of the authority.

5. Respecting all laws and regulations of the Islamic Emirate of Afghanistan.

6. Mohammad Reza Ahmadi and his partners are obliged to the process of registration, acceptance, and evaluation of the project at the inventory center.
